## Welcome from Westy

Dear District One Members,

As our fall sports seasons wind down and we begin to work with our indoor sport patients, it seems that winter is upon us for sure. Some of us have those Nordic and alpine skiers to handle, too...leaving no doubt about the season!

I ask that you take part in the online 2016 NATA Salary Survey. It takes only a few minutes of your time and is extremely important. To date, only 9% of the District One membership has taken part in this survey. I would like to see that number at least double in the next week! The deadline to take the salary survey is November 14, so please use the link in this edition of the Notes and complete your survey today.

Please renew your NATA membership. The NATA works hard to advance the profession and represent the interests of its members. You receive great value for your membership! There are multi-payment installment plans available.

The results of the EATA Election are included in this edition. I appreciate all those who participated in the voting process, and look forward to working with the new EATA Board members.

I hope that many of you have had a chance to registrar for the annual EATA Convention at the Loews Hotel in downtown Philadelphia on January 6-9, 2017. The EATA has again put together a fantastic speaker and workshop program. Please note the special NATAPAC fundraising event will again be part of the Saturday evening reception and banquet.

Finally, I am off to Presque Isle this weekend to meet and speak with AT students at the Maine State Student Symposium.

I wish you and your families a safe and happy Thanksgiving holiday!

Thanks again, and as always if you have any questions or concerns, please let me know.

*Westy*

### EATA 2017 in Philadelphia

We're looking forward to another tremendous EATA Conference on January 6-9, 2017 at the Loews Hotel in Philadelphia. There's an excellent educational program with something for everyone, including EBP programming on each of the four days of the meeting. The Student program is outstanding, and includes opportunities to learn about cutting edge techniques, hear from leaders in the profession, network with other students, and gain hands-on experience about wrist or lumbar mobilization! The EATA reception immediately prior to the banquet will be a NATAPAC fundraiser again this year, so make sure to purchase your pint glass when you register for EATA. Your beer will be free during the pre-banquet reception (until the kegs run dry)! Don't forget to book your hotel room early, too!

**Register soon...the last day for online EATA pre-registration is December 10, 2016.**
